Literacy	Our class novel for this term is Charlie and the Chocolate Factory. We are going to spend our writing lessons working on our own narratives and writing diary entries from different character's perspectives. We will also be creating our own newspaper reports and making comparisons between the 1964 book and the more recent 2005 film version. Alongside this, we will be using the text to develop our reading and comprehension skills.
Numeracy	This term in our Numeracy lessons we will be covering number and place value, time, addition and subtraction, measure (length and perimeter and multiplication and division. We will also spend lots of time working on our times tables.
Science	In Science we will be looking at States of Matter. This will involve comparing and grouping materials together, according to whether they are solids, liquids or gases, observing how some materials change state when they are heated or cooled and measuring the temperature at which this happens in degrees Celsius (°C). We will also evaporation and condensation in the water cycle.
History	This term, our history topic is the Romans. We will be evaluating Roman artefacts to help understand how and why the Romans invaded Briton.
Geography	In geography will be exploring Europe, learning the different countries found in Europe along with famous landmarks, rivers and mountains.
Computing	During our ICT lessons, we will be working on Microsoft PowerPoint. We will be learning how to create an exciting slideshow complete with colours, sounds, animations and transitions. We will be exploring 'identity' in our e-Safety lessons.
Spanish	This term we will be learning words and phrases linked to playtime, my home and Christmas in Spanish. We will communicate with our partner school in Tenerife informing them about the things we do in our school.
Art	We will be developing our art and design skills this term by exploring and creating optical illusions, willow patterns, soap sculptures, painting in the style of Paul Cezanne, drawing still life and learning about the work of A. Curator.
DT	Our DT lessons will involve us researching, designing, creating and evaluating our own slingshot cars.
PSHCE	This term in PSHCE, we will be looking Health and Wellbeing. This topic will involve exploring what mental health is, how we can keep ourselves and others physically healthy and feelings and emotions. We will also spend time reflecting on the recent global pandemic and discuss what we did at home to make us feel better.
PE	During our PE lessons this term we will be learning how to play hockey and developing our gymnastic skills.
RE	In RE we will be looking at the importance of the Bible to Christians. We will learn about the Bible and how to look things up in it. We will learn about the Old and new Testaments. We will understand how the Bible can help Christians in their lives.
